BLACK AND WHITE SPIDERS

Starting from an in-line dripper, the Spider sets allow to distribute the water directly into the pots.

FEATURES

- Precise and accurate delivery
- Available in three configurations with 1, 2 or 4 outlets
 - The models with 1 outlet are available with and without adapter, respectively for NGE® dripper with Male or Barbed outlet.
- Available with 60 or 80 cm long microtubes
- Easily installed on NGE® drippers with male adapter (-MA) or barbed adapter (-3)
- 3 x 5 mm Microtube
- Also available in the version with black microtube and stake.

▲ Stakes with inlet filter which prevents the entry of impurities (for two-outlet models)

◀ Sturdy tip stake for greater durability
